### Short Description

Gotoh 9V Battery Box for acoustic and classical guitars. Double Unit, Japanese quality.

### Description

Gotoh 9V Battery Box for acoustic and classical guitars. Double Unit, Japanese quality. The Gotoh BB-04 W double battery box fits two 9V batteries. When changing the battery, the holder tilts the battery up and out of the guitar giving good access to the battery and allowing quick and easy change. It comes with built in connection terminals and 1 set of lead wires per battery allows for 18V series or 9V parallel wiring, or even routing the batteries to separate circuits (e.g. 1 for the pickups, 1 for a piezo pre-amp). The battery box mounts to the guitar body with screws (not included).

- Quick and easy changes of 9V batteries
- Built in terminals and lead wires
- 1 Set of wires per battery for flexible wiring configurations
- Screw mounted
- Length: 70 mm (2.8")
- Width: 58 mm (2.3")
- Depth: 34.5 mm (1.4")

Made in Japan
